Medicaid Telehealth Reimbursement	Summary	<p>Forward Medicaid allows reimbursement for live video under some circumstances. There is no reimbursement for store-and-forward or remote patient monitoring as services must be delivered at the same functional equivalency as face-to-face care.</p>
	Definitions	<p>Telehealth enables a provider who is located at a distant site to render the service remotely to a member located at an originating site using a combination of interactive video, audio, and externally acquired images through a networking environment.</p> <p>Source: WI ForwardHealth Update. Feb. 2018. (Accessed Apr. 2019).</p> <p>“Telehealth” is a service provided from a remote location using a combination of interactive video, audio, and externally acquired images through a networking environment between an individual at an originating site and a provider at a remote location with the service being of sufficient audio and visual fidelity and clarity as to be functionally equivalent to face-to-face contact. “Telehealth” does not include telephone conversations or Internet-based communications between providers or between providers and individuals.</p> <p>Source: Wisconsin Statute 49.45 (29w)(b)1.b (Accessed Apr. 2019).</p>
	Live Video Policy	<p>ForwardHealth allows for certain covered services to be provided via telehealth.</p> <p>Source: WI ForwardHealth Update. Feb. 2018. (Accessed Apr. 2019).</p>

See Manual for covered telehealth CPT and HCPCS codes.

Mental health services provided through telehealth are reimbursable by the Medical Assistance program if the provider of the service satisfies the following criteria:

- The provider is a certified provider of mental health services under the Medical Assistance program and is an agency that is certified by the department as an emergency mental health service program, a comprehensive community services program, a mental health day treatment services program for children, a program organized under s. 46.23, 51.42, or 51.437, an outpatient psychotherapy clinic, or a community support program or that is certified by the department to perform a community substance abuse prevention and treatment service, except for narcotic treatment service for opiate addiction.
- The provider and the individual providing the service comply with all Medical assistance coverage policies and standards.
- The provider is certified for telehealth by the department.
- The individual who is providing the service is licensed or registered and in good standing with the appropriate state board.
- The provider is located in the United States.
- The provider is not required to be located in the state.

Allowable providers:

- Audiologists
- Nurse midwives
- Nurse practitioners
- Ph.D. psychologists
- Physician assistants
- Physicians
- Psychiatrists
- Professionals providing services in mental health or substance abuse programs certified by the DQA (Division of Quality Assurance)

Ancillary Providers

Claims provided via telehealth by distant site ancillary providers should be billed under the supervising physician’s NPI using the lowest appropriate level office or outpatient visit procedure code. These services must be supervised by an onsite physician.

Certified Mental Health And Substance Abuse Treatment Providers

Required to meet telehealth certification requirements to provide telehealth.

Community Health Centers, Tribal FQHCs and RHCs

They may serve as a distant site provider for telehealth services. See manual for details.
